

# Albany History Collection

## Once Upon a Time ...

We learn about things that have happened in the past in many different ways. Photographs are fabulous visual records which tell us a story. They capture a moment in time.

Choosing **one** image from the options below, **write or record** (on a device) a story of up to **200 words**. This will earn you **2 hours** of time and stamps in your *Passport to Learning* for each activity you choose. You can do all of the images if you love writing stories!

**Drop in to the Albany History Collection and pick up a copy of one historic image.**

- 1) See if you can find out what is actually happening in the photograph. Where is it? When was it taken? Why? Who is in it? (2 hours)
- 2) Write (or record orally on a device) an imaginary story about what is happening in the photo. (2 hours)
